

Siksha-Wallah

Online Admission & Counselling Platform — Complete Web Application

Prepared for: [Client / Consultancy Name] • **Date:** 25 June 2026

Prepared by: Jitendra Kumar • **Contact:** jitendrakumarraj831@gmail.com

Version: 1.0 (Production-Ready)

1. Project ka Parichay

Siksha-Wallah ek poora online admission & counselling platform hai jo ek education consultancy ke liye banaya gaya hai. Isme do hisse hain:

- **Student Website** — student 5 streams ke 38 courses dekh sakte hain, online apply kar sakte hain, apna account bana sakte hain, documents upload kar sakte hain, aur seedhe counsellor se **live chat** kar sakte hain.
- **Office / Admin Panel** — ek private dashboard jahan se consultancy har lead, application aur message ko ek jagah manage karti hai (phone & WhatsApp follow-up ke saath).

2. Kya-Kya Bana Hua Hai (Delivered Features)

Student Side

Feature	Details
Homepage	Hero, animated counters, 5 stream cards, partner colleges, success stories, FAQ
Course Catalog	5 streams, 38 courses — eligibility, fees, duration, career scope, govt jobs; har course ka detail page
Online Apply Form	Multi-step form jo lead seedhe database mein save karta hai
Student Account	Real sign-up / login / password reset / email verification (Firebase Auth)
Student Dashboard	Profile, document upload, application status — har student sirf apna data dekhta hai

Live Counsellor Chat	Real-time chat (student ↔ office) — koi third-party tool nahi, koi extra subscription nahi
Contact + Blog	Contact form (email), WhatsApp/phone links, aur 14 blog articles
Mobile + PWA	Mobile-first design, "Add to Home Screen" installable

Office / Admin Panel

Feature	Details
Secure Login	JWT + bcrypt session, middleware se protected
Lead Dashboard	Live counts — total inquiries, aaj ke leads, pending follow-up, admitted
Lead Management	Status workflow (Pending → Called → Admitted), staff notes, 1-click call & WhatsApp
Students & Applications	Saare registered students aur submitted applications ki list
Counsellor Chat (office side)	Student ke messages ka reply admin panel se
Activity Log	Site par ho rahe events ka timeline

Technical foundation: Next.js 15, React 19, TypeScript (100%), Tailwind CSS, Firebase Firestore (security rules ke saath), Nodemailer email, SEO (sitemap/robots/OG), Vercel Analytics.

3. Website ke Saare Pages (25 Pages)

Section	Pages	Count
Public / Student-facing	Home, About, Courses, Course-detail, Apply, Contact, Blog, Blog-article, Login-chooser, Portal	10
Authentication	Register, Login, Forgot-password, Reset-password	4
Student Dashboard	Dashboard Home, Profile, Documents, Messages (Chat)	4
Office / Admin Panel	Login, Dashboard, Applications, Students, Activity, Messages, (auto-redirect)	7
Total	+ 1 custom 404 page • 12 backend API endpoints	25

4. Doosre Developer is Type ki Website ka Kitna Charge Karte Hain?

Neeche Indian market (2026) ke real rates hain — taaki aapko is platform ki sahi value samajh aaye. Ye ek **full-stack application** hai (sirf simple website nahi): student login, admin CRM, real-time chat, email, 25 pages.

Kaun Banata Hai	Is type ke project ka charge
Fresher / Junior freelancer (Tier 2-3 city)	₹40,000 – ₹90,000
Mid-level freelancer	₹1,20,000 – ₹2,50,000
Web studio / Small company	₹2,50,000 – ₹4,50,000
Professional agency (metro city)	₹5,00,000 – ₹10,00,000+

IS PROJECT KI PROFESSIONAL MARKET VALUE

₹2,50,000 – ₹4,00,000

Ek experienced freelancer / studio se banwane par (one-time, complete platform).

5. Aapke Liye Investment

Item	Price
Complete Platform — jaisa abhi banaya gaya (25 pages, admin panel, chat, sab kuch)	₹ _____ (market value ₹2.5L–₹4L; final price aapse tay)
Annual Maintenance (optional) — updates, bug-fixes, support	₹30,000 – ₹1,20,000 / saal

Note: Upar wala "Complete Platform" price ek-baar ka (one-time) hai. Domain aur hosting ka kharcha alag hota hai (Section 7 dekhein) — wo provider ko jaata hai, developer ko nahi.

6. Phase 2 — Optional Add-ons (Abhi Nahi Bane)

Ye features **abhi platform mein nahi hain**. Inki library install hai (future kaam tez hoga), par working feature baad mein banega. Agar chahiye to inhe alag se quote kiya jaata hai — isse expectation bilkul clear rehta hai.

Add-on	Abhi ki Sthiti	Banane ka Charge
Online Payment (Razorpay)	Nahi bana	₹15,000 – ₹40,000
AI Admission Advisor (Google Gemini)	Nahi bana	₹25,000 – ₹75,000
Community Forum	Nahi bana	₹30,000 – ₹70,000

7. Running Cost (Provider ko, Developer ko Nahi)

Cheez	Kharcha
Domain (.in / .com)	₹800 – ₹1,500 / saal
Hosting (Vercel / Firebase)	Shuru mein FREE; scale par ₹2,000 – ₹8,000 / mahina
Email service (optional, bade volume par)	₹0 – ₹2,000 / mahina

8. Agla Kadam (Next Steps)

- Price aur scope confirm karein.
- Domain, Firebase & email credentials share karein (setup ke liye).
- Deployment (Vercel/Firebase) + custom domain live.
- Admin account banakar handover + training.

Is proposal mein shaamil: Complete source code, README + Quick-Start guide, deployment, admin handover. **Phase 2 add-ons** (payment/AI/forum) is price mein shaamil nahi hain.
